WHEREAS, the Contractor has notified the Authority’s engineer, pursuant to Section 1.5.8(H) of the contract documents, that the Work has been completed; and

WHEREAS, the Authority’s engineer has inspected and recommended acceptance of the Work and, pursuant to Section 1.5.8.(I) of the contract documents, submitted to this Board a final progress pay estimate;

NOW, THEREFORE, IT IS DETERMINED AND ORDERED, as follows:

1. The Work is accepted as complete, and the final progress pay estimate is accepted.
2. 3. The Manager shall file, pursuant to Section 9204 of the California Civil Code, a Notice of Completion with respect to the Work.
4. As a condition of the final payment to be made to the Contractor, the Contractor has:
 - A. Provided to the Authority, pursuant to Section 1.5.2(C) of the contract documents, a maintenance bond in the amount of 10% of the Contract Price, with a corporate surety approved by the Authority, to guarantee the correction of failure due to materials or workmanship provided or done by the Contractor, including the repairs of any damage to other parts of the Authority’s wastewater system resulting from such defects; and

- B. Executed the Release of Contract in the form set forth in Section 1.4.4 of the Contract Documents.
5. The Authority shall pay the Contractor the amount set forth in the final progress pay estimate, after deducting therefrom all previous payments and such other lawful amounts as the terms of the Contract prescribe, including any amounts withheld pursuant to Section 9358 of the California Civil Code as a result of stop payment notices received pursuant to Section 9354 of the Civil Code.
